Unfortunately, it is not possible to pick up every Idea and not every Idea will receive a reply.

Make sure you also vote on Ideas that you want to see in the product, as we will take this into account when deciding on which ideas to implement.

If you have an immediate need for a feature please submit a [Change Request (https://discover.claromentis.com/forms/changes)](https://discover.claromentis.com/forms/changes) instead.

**Short summary of idea***

"See More" for News List

**Application/Area**

Pages

**Description**

The "News" page component does not have any way to view additional news articles in a channel from a page itself. To get to a News Channel, users have to click into an article, then on the name of the News Channel. A "See More" or similar option would be very helpful to navigate users to a channel for potential subscriptions.
