Please feel free to submit new product enhancement ideas. Our Product Owners will review your ideas periodically and let you know personally if your Idea has been scheduled for development.

Unfortunately, it is not possible to pick up every Idea and not every Idea will receive a reply.

Make sure you also vote on Ideas that you want to see in the product, as we will take this into account when deciding on which ideas to implement.

If you have an immediate need for a feature please submit a [Change Request (https://discover.claromentis.com/forms/changes)](https://discover.claromentis.com/forms/changes) instead.

Short summary of idea*

Allow Tags as a Secondary Filter

Application/Area

News

Description

Within News, clicking on a tag while already filtered into a particular News Channel causes a global tag search to be executed. Being able to use tags as a secondary filter would be a much more intuitive usage.
