Please feel free to submit new product enhancement ideas. Our Product Owners will review your ideas periodically and let you know personally if your Idea has been scheduled for development.

Unfortunately, it is not possible to pick up every Idea and not every Idea will receive a reply.

Make sure you also vote on Ideas that you want to see in the product, as we will take this into account when deciding on which ideas to implement.

If you have an immediate need for a feature please submit a [Change Request \(https://discover.claromentis.com/forms/changes\)](https://discover.claromentis.com/forms/changes) instead.

Short summary of idea*

Separate first name and surname in policy reports

Application/Area

Policy Manager

Description

I would like to be able to sort policy reports by surname, but currently the exported data only displays full name so I can only sort by first name. It would be really nice if users could edit what fields are included in policy reports. Thanks for your consideration.
