Please feel free to submit new product enhancement ideas. Our Product Owners will review your ideas periodically and let you know personally if your Idea has been scheduled for development.

Unfortunately, it is not possible to pick up every Idea and not every Idea will receive a reply.

Make sure you also vote on Ideas that you want to see in the product, as we will take this into account when deciding on which ideas to implement.

If you have an immediate need for a feature please submit a Change Request (https://discover.claromentis.com/forms/changes) instead.

Short summary of idea*
Optional Google Event Location

Application/Area
Events

Description
More detail in ticket: 054774.

Many of our events are internal (within our building) and the location that needs to be specified is a room, not a physical city.
The front end displays the location as a LINK to google maps. Can this have some sort of an optional toggle, so that we can display an event is happening in a room location?
