Please feel free to submit new product enhancement ideas. Our Product Owners will review your ideas periodically and let you know personally if your Idea has been scheduled for development.

Unfortunately, it is not possible to pick up every Idea and not every Idea will receive a reply.

Make sure you also vote on Ideas that you want to see in the product, as we will take this into account when deciding on which ideas to implement.

If you have an immediate need for a feature please submit a [Change Request \(https://discover.claromentis.com/forms/changes\)](https://discover.claromentis.com/forms/changes) instead.

Short summary of idea*

Add Search Function to Notes in Discuss

Application/Area

Discuss

Description

The Notes feature in Discuss is great, but we have a lot of Notes in ours (each project has a different title), and it would be great to just be able to search for the note title we are looking for rather than scrolling and scrolling. Thank you!
