Please feel free to submit new product enhancement ideas. Our Product Owners will review your ideas periodically and let you know personally if your Idea has been scheduled for development.

Unfortunately, it is not possible to pick up every Idea and not every Idea will receive a reply.

Make sure you also vote on Ideas that you want to see in the product, as we will take this into account when deciding on which ideas to implement.

If you have an immediate need for a feature please submit a [Change Request \(https://discover.claromentis.com/forms/changes\)](https://discover.claromentis.com/forms/changes) instead.

Short summary of idea*

Capture More User Data in Polls/Surveys

Application/Area

Survey and Polls

Description

We provide our leaders with participation information on their individual department groups for feedback on things like training opportunities. The current polls/surveys (if not anonymous) only show the voters name. Can the CSV export also include either the name of their manager, name of their department or some other mechanism that would allow us to continue this practice without the manual work of looking each name up for this information?
