Please feel free to submit new product enhancement ideas. Our Product Owners will review your ideas periodically and let you know personally if your Idea has been scheduled for development.

Unfortunately, it is not possible to pick up every Idea and not every Idea will receive a reply.

Make sure you also vote on Ideas that you want to see in the product, as we will take this into account when deciding on which ideas to implement.

If you have an immediate need for a feature please submit a [Change Request \(https://discover.claromentis.com/forms/changes\)](https://discover.claromentis.com/forms/changes) instead.

Short summary of idea*

Button Permissions by "Group"

Application/Area

Other

Description

Most application VISABILITY permissions appear to programmable by "Group," except BUTTONS.

Button visibility is likely aligned with similar concepts. For example, only members of the Group "Nursing" can see the button for Nurse Training.

Can this filter be added to help reduce the manual, redundant need to create a "role" that contains all of the nursing team members?
