

Learning notifications

We will provide an overview of all available notifications from the Learning application.

Templates for each language can be viewed and [edited](#) from **Admin > System > Localisation > Edit templates > Learning**

Learning

English	U.S. International	Russian
French	German	Portuguese (Brazil)
Spanish	Dutch	Czech
Polish	Greek	Arabic
Kurdish	Hungarian	Uzbek

Notification not sending?

Remember: The type of notification received by users, e.g. email, in-system, none, etc will depend on their preferences as outlined [here](#).

If a notification is not evident, check that the recipient's preferences are set to receive this as they would expect first.

[Browse our guides for the Learning application here](#)

learning.certificate_expiration

This notification will fire in line with the values set by application administrators on the [admin side of Learning](#). The recipients will be those with certificates that are applicable.

learning.certificate_notify

This notification will fire if the option shown below is chosen by the administrator adding a [certificate manually](#) for a user.

The recipient is the user involved.

learning.path_moderator

Users with the 'receive admin notifications' permissions will be notified when users enrol on the Learning Path.

learning.path_participant

This notification will be sent to users when they complete a Learning Path.

learning.record_notify

This notification will fire if the option shown below is chosen by the administrator adding a new training record manually to one user or multiple.

Users involved will receive the notification.

Learning > Training Records > Add/Edit Record Details

Training Name *

Training Provider

Date Completed *

Has a Certificate?

Qualification Code

Other Information [SOURCE]

Send notification to the user that their record has been updated
