Notification not sending?

Remember: The type of notification received by users, e.g. email, in-system, none, etc., will depend on their preferences as outlined [here](#).

If a notification is not evident, check that the recipient's preferences are set to receive this as they would expect first.

Browse our guides on the Quiz Polls & Surveys applications [here](#)

quiz.added

This notification will fire when a new Quiz, Poll or Survey is made live, and the option shown below was enabled. The recipients will be those who were permitted to 'take' the content.

Send a notification to users who can take the quiz Yes

Retake allowed Yes No

quiz.modified

This notification will fire when a Quiz, Poll or Survey that is already live is edited and saved if the notification option (shown above) was enabled. The recipients will be those who were permitted to 'take' the content.

(If the notification option is set to 'no', a notification will not be sent on saving)

quiz.poll_submission

This notification will fire when a response has been logged for a Poll by a user, and the option below was selected in the Poll settings.

The recipients are those with 'manage' permission to the Poll.

Results

Show Results Don't show results Immediately

Please note, people with 'Manage survey' permissions will be able to see the results at any given time

Notifications Notify people with 'Manage' rights about new submissions Don't notify about new submissions

The frequency and method of notifications will be based on the users preference in Communication Settings

Thank you page

Message to show on completion

If left blank, the default message will be "Thank you for answering the poll!"

Create Poll

quiz.results

This notification will fire if an end date was set for a Poll or Survey and the option shown below was chosen. All users who could 'take' the content will be notified.

Results

Show Results Don't show results Once the poll has ended Immediately

Please note, people with 'Manage survey' permissions will be able to see the results at any given time

quiz.survey_submission

This notification will fire when a response has been logged for a Survey by a user, and the option below was selected in the Survey settings.

The recipients are those with 'manage' permission to the Survey.
