

## Embed a Google Map on a Page

Embed custom Google Map locations onto Intranet pages using the embed component.

### 1. Obtain embed code from Google Maps

- Search for a location and click 'share' or click 'Share' on a [custom map](#) you have already saved.

Custom maps allow you to add markers for desired locations and can be a nice visual way to give information to users.

- Click the 'embed a map' option

- Set the size of the map.

- Click 'COPY HTML' once ready.

A screenshot of a Google search result for 'Big Ben' on a mobile device. The main content shows a sunset image of the Elizabeth Tower and the text 'Big Ben' with a 4.6 rating and 89,411 reviews. Below this are sections for 'Overview', 'Tickets', 'Reviews', and 'About', along with buttons for 'Directions', 'Save', 'Nearby', 'Send to phone', and 'Share'. The 'Share' button is highlighted with a red box. A modal window titled 'Share' is open, containing options 'Send a link' and 'Embed a map'. The 'Embed a map' option is also highlighted with a red box. The modal displays a map of the London Eye area with a red marker for 'Big Ben'. The map includes labels for 'Victoria Embankment', 'London Eye', 'The London Dungeon', 'SEA LIFE London Aquarium', 'Westminster Bridge', 'Westminster Abbey', 'Palace of Westminster', 'St. Thomas' Hospital', 'Evelina London Children's Hospital', 'Jewel Tower', 'College Garden', 'Old Palace Yard', 'Westminster', 'Queen St', 'Great George St', 'St. George's Church', 'Westminster Abbey', 'Deans Yard', and 'Buckingham Palace'. At the bottom of the modal, it says 'By embedding this map, you agree to the Terms of Service.' and shows the 'Google Maps' logo.

## 2. Add this to an Intranet page

- In Claromentis, [edit the page](#) you want to add the map to
- Add the embed component to the page

The screenshot shows a software interface with a sidebar on the left and a main content area on the right. The sidebar contains the following categories:

- All Categories
- Badges
- Calendar, Occasions & Events
- Documents & Policies
- Embed & Custom
- Infocapture
- Learning & Knowledge Base

The main content area features a search bar with the text "embed" and a magnifying glass icon. To the right of the search bar are two buttons: a 4x4 grid icon and a three-line menu icon. Below the search bar is a button labeled "Embed" with left and right arrow icons, which is highlighted with a red box. To the right of this button is a Twitter icon and the word "Twitter".

- In the 'code' section, paste the link you copied from Google Maps

Layout Settings

True

Type  Code  Video  Site (iframe)  Document

Paste embed code here

```
<iframe
src="https://www.google.com/maps/embed?
pb=!1m18!1m12!1m3!1d2483.680563854164!2d-
0.12720032334337106!3d51.50072917181185!2m

```

Allow scroll

**Submit**

- Click 'Submit' in the component and then resize it to your liking.

Your browser doesn't support video.  
Please download the file [video/mp4](#)

Change the width value manually to 100% to make this fit the size of the container automatically.

You can make the component any size you like, and the map will fit.

- Publish the page and check that the map appears.
