

News: Admin overview

Introduction

The News application allows admins to set permissions for news channels and manage news articles within your intranet.

The News application admin panel has a variety of configuration options which can be found in **Admin > News**.

We will cover the following areas:

- [Overview of News admin panel](#)
- [Channels & Templates](#)
- [Metadata](#)
- [Trash can](#)
- [RSS feeds](#)

The information below is outlined in the video.

To find out more about the front-end, make sure to read our [News: Front-end Overview](#).

The admin side & news permissions

To access the admin panel of the News application, you will need to be granted permission as an application administrator.

For more information on how to assign application administrators, head to our article [here](#).

News panel

Navigate to **Admin > News**.

News admins will be presented with all existing news articles, including draft and pending approval articles.

Permissions in the News application are tied to the existing channels.

News admins can assign permissions by the channel that will allow you to direct articles to specific users.

For more information on deleted articles, check out our guide on [Deleting a news article](#).

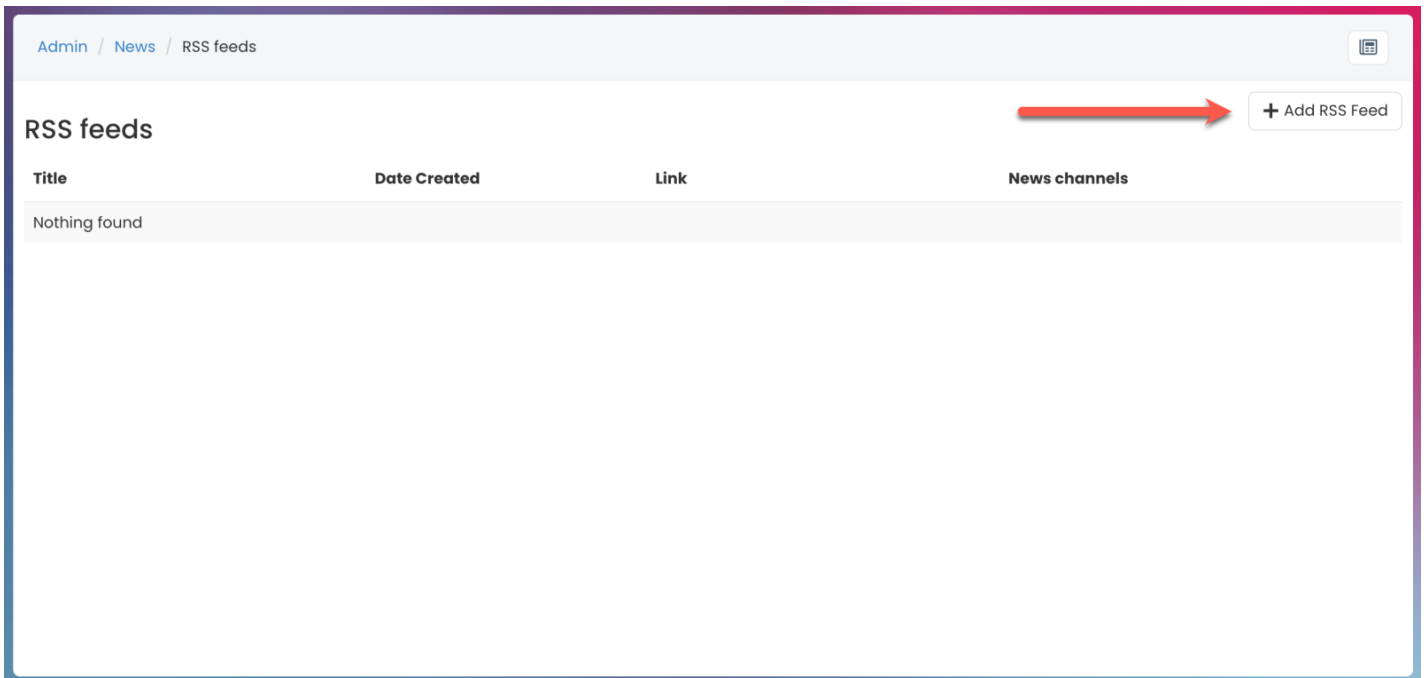

RSS feeds

The **Export news channels as RSS** section allows internal news to be published as RSS.

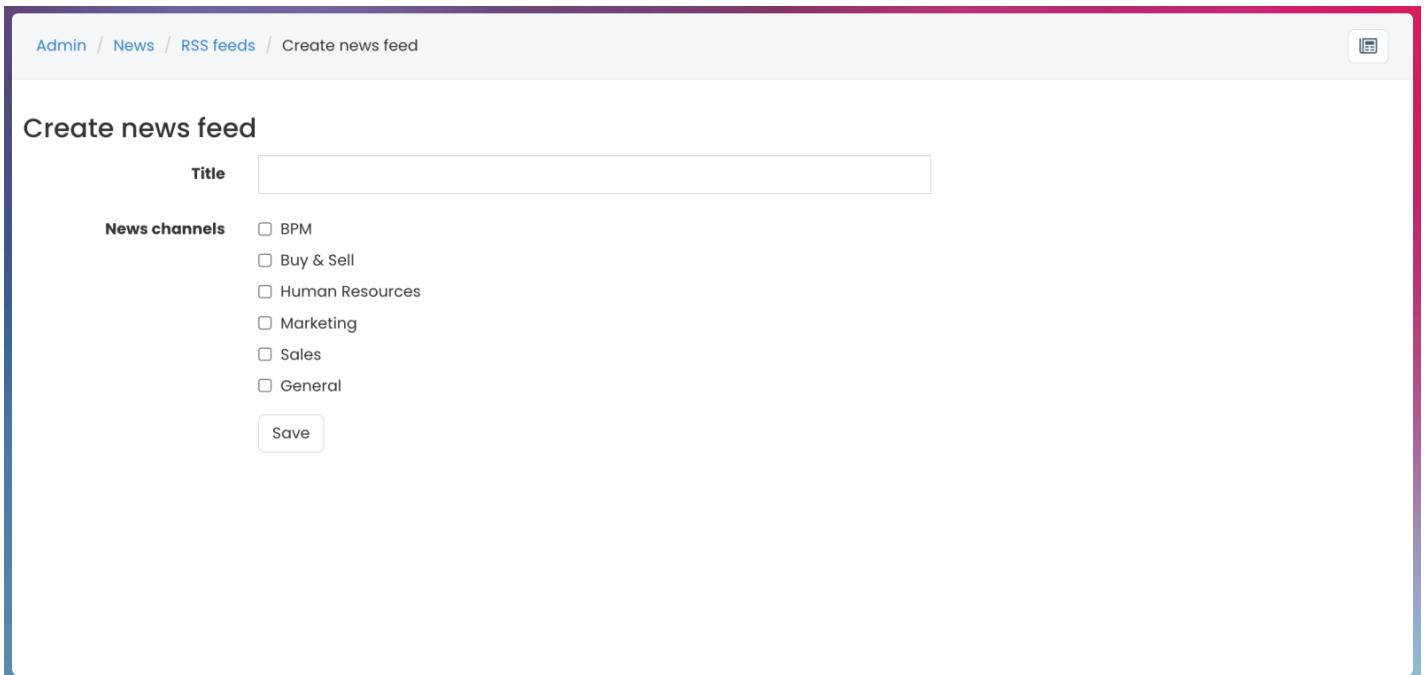

The screenshot shows the 'Admin / News' interface. The left sidebar contains several menu items: 'News', 'Channels & Templates', 'Metadata' (with a note 'metadata admin rights required'), 'Trash can', 'Export news channels as RSS' (highlighted with a red box), and 'RSS for public news'. The main content area has tabs for 'News', 'Announcements (legacy)', and 'Configuration'. Below the tabs is a search bar with a 'Search for' input, a dropdown menu set to 'General', an 'Include comments' checkbox, and 'Search' and 'clear' buttons. A green '+ Add news' button is in the top right. A table lists news items with columns for Title, Date, Language, News channel, Status, and Creator. At the bottom, there is a pagination control showing '1 2 3 4' and a red 'Delete selected' button.
