

# People List

## Requirements

This user guide is for anyone on Claromentis 8.2+

## Introduction

This article will showcase the features of the people list in the People application and how to locate specific users.

The information below is outlined in the video.

## People list

When first accessing the People application, the people list page will be the first area you enter:

The screenshot displays the 'People' application interface. At the top, there is a search bar with a dropdown arrow and a magnifying glass icon. To the right of the search bar are several icons: a list view icon, a grid view icon, a user icon, a settings gear, a notification bell, a dropdown menu, and a close icon. Below the search bar is a horizontal navigation bar with letters A through Z, and a 'First name, Surname' filter icon. The main area shows a grid of user cards. Each card contains a profile picture, the user's name, and their job title. The users listed are: Abigail Clark (Human Resources Assistant), Alan Metcalfe (Sales Assistant), Alison Kelly (Human Resources Assistant), Amelia Jackson (Human Resources Assistant), Anne Wilkins (Sales Director), Austin Glover (Marketing Executive), Barclay Martin (Sales & Training Manager), Brian MacDonald (Marketing Executive), Charles Johnston (Marketing Director), Claire Bond (Testing Manager), Claromentis Administrator (System Administrator), Claromentis Test, Connor Chapman (Human Resources Assistant), Dan Butler (Support Technician), and Dave Arril (Head Of Sales).

Should you wish, you can choose to see the users in a 'Card' view (as shown above) or in a 'List' view:

	Claromentis Administrator	System Administrator				Active

## People search

From the people list page, you can search for specific users and view their profiles.

Users can search through the different pages by their name or specific letters of the user's first name, and can list users alphabetically by surname instead of the first name.
