

# People: My Settings

---

## Requirements

This user guide is for anyone on Claromentis 8.2+

---

## Overview

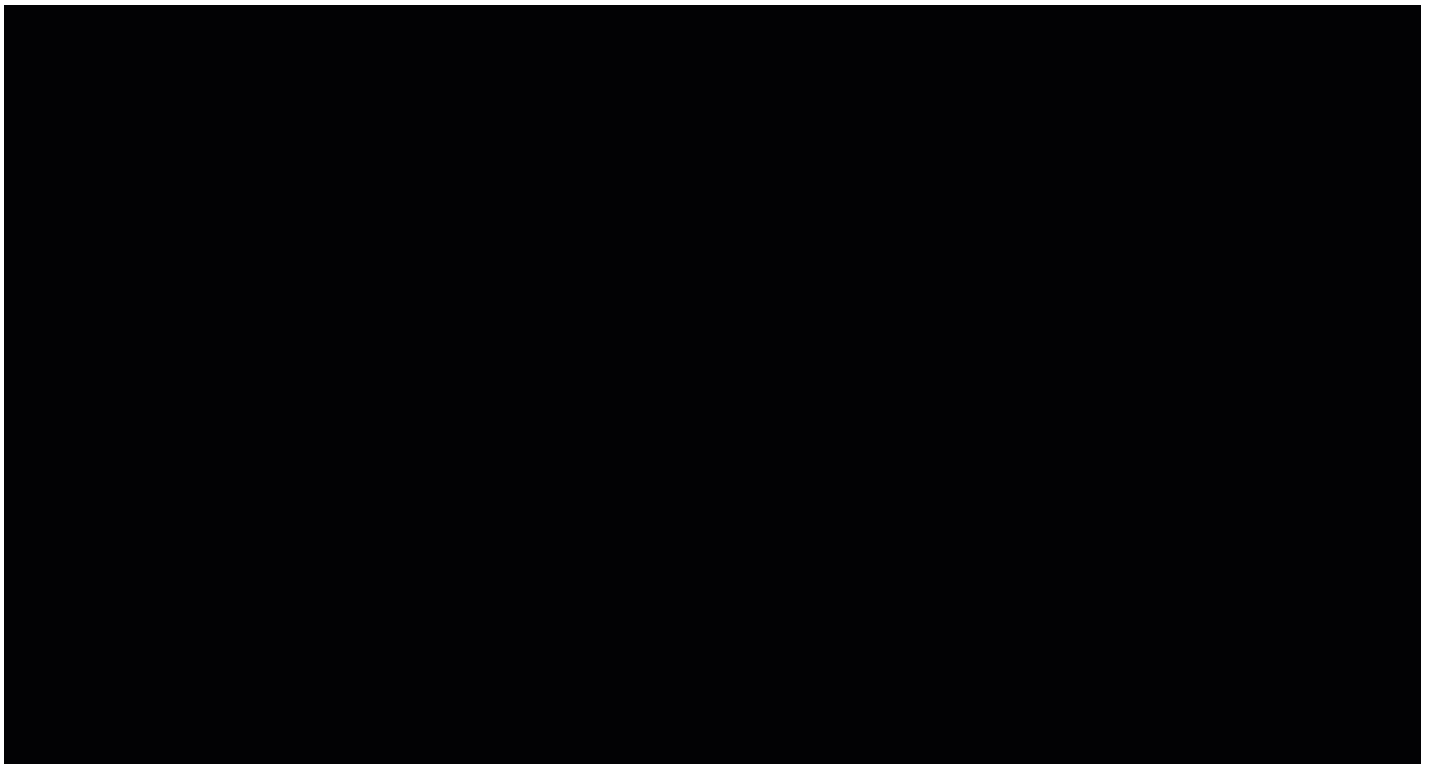

This article will provide an overview of the **My Settings** area in the People application. My settings will allow users to manage and update certain aspects of the system that is more suitable to their preferences.

The information below is outlined in the video.

---

## My settings

Head to **My Settings** by clicking on your profile found in the navigation bar:

From here, users will be able to do the following:

- **Update Password:** Users can change their password if needed. Simply enter the current password, enter the new password, and then select Save My Settings.
