Select the one you would like and click allocate room. You will then be prompted to give more information after which you can confirm the booking.

3 - How to pair rooms or rooms with equipment to a calendar booking

Navigate to Applications > Calendar find the date and time of the meeting you would like to book in and drag over the time with your mouse. Select 'more options' when the pop up arrives.

Next you will be presented with various meeting options - fill these in as usual and next to the location option you will have a box called 'Link room'. Select this and you can choose room only or room and equipment. It will provide all the available options for this time and you can reserve and room and equipment you need.
