

Policy Manager Change Log

Archived

2.6.23 - 18th September 2023

- Enabled field "Tags" in Policy Manager when the user has no permission to create a new tag

2.6.22 - 16th June 2023

- Removed the option to add public permissions for policies

2.6.21 - 2nd May 2023

- Fixed further issues with policy content processing for PDF generation

2.6.20 - 17th April 2023

- Fixed an issue with HTML processing for policy content prior to PDF generation

2.6.19 - 20th March 2023

- Added a new option to the Policy Manager configuration for hiding the Download as PDF button

2.6.18 - 24th February 2023

- Prevented invalid dates in Policies from causing front-end errors

2.6.17 - 20th October 2022

- Added status, version and description to PDF version of policy

2.6.16 - 4th October 2022

- Fixed upload image via CKEditor on page Edit Policy Content

2.6.15 - 16th August 2022

- Fixed bug with HTML entity … at the end of title due to the text double escaping

2.6.14 - 30th June 2022

- Fixed unescaped Policy titles when editing Policies

2.6.13 - 20th June 2022

- Fixed undefined index error when editing policy permissions
- wkhtmltopdf 0.12.6 compatibility

2.6.12 - 5th April 2022

- Removed redundant Mandatory policies listing from top of the manage policies page. Mandatory, and other policies needing attention, are still listed separately on the main policies page.

Version 2.6.11 - 28th February 2022

- Removing CKEditor SpellChecker feature to avoid crash

Version 2.6.10 - 20th January 2022

- Fixed permissions issue where users with 'edit content' rights could not see policies in draft stage
- Renamed 'edit' and 'edit content' permission localisations to make it clearer what they allow

Version 2.6.9 - 30th July 2021

- Bug fixes: Reverted attempted fix made in 2.6.7 to prevent errors being embedded in documents

Version 2.6.8 - 26th March 2021

- Bug fix: Approval and acceptance lists now show data again

Version 2.6.7 - 22nd March 2021

Improvements

- Policy reference codes can now be up to 25 characters

Bug fixes

- Prevent errors being embedded in downloaded policy documents.

Version 2.6.6 - 22nd February 2021

Bug fixes

- Fixed "Download as PDF" button not working on Claromentis 8.9

Version 2.6.5 - 9th November 2020

Features merged forward from 2.5.9

- The acceptance text for a policy (eg "I have read & understood") can now be set per-policy

Version 2.6.4 - 3rd November 2020

Bug fixes

- Fixed PHP error on policy view page when running under PHP 7.4

Version 2.6.3 - 12th October 2020

Bug fixes merged forward from 2.4.9, 2.5.8

- Fixed approving a policy without leaving a comment causing an error growl

Version 2.6.2 - 02nd October 2020

- Added "download as PDF" link for policies with a "page" document

Version 2.6.1 - 13th August 2020

- Deleted leftover scripts that caused exceptions when viewing policies

Version 2.6.0 - 05th August 2020

Improvements

- Policy navigation menu is now available when viewing a Policy directly.
- Replaced Settings page with more generic Configuration page.
- Filtering by Category will generate breadcrumbs.
- Policy navigation menu indicates sub-categories.

Bug fixes

- Fixed missing localizations in Admin.
- PHP Warning will no longer display when submitting a new Policy from the Permissions tab, without selecting a Category.
- Policies awaiting confirmation will be hidden when filtering by Tag on the My Policies view.
- Filtered Tag will no longer be reset when changing page in Tile View.
- Filtered Tag will no longer be reset when using Keyword Search.
- Filtered Tag will no longer be reset when changing between Tile and List Views.

Version 2.5.7 & 2.4.8 - 4th August 2020

- Policy manager's error messages are friendlier
- Creating a new version of a Policy will now remove the previous version from the Search Index.

Version 2.5.6 & 2.4.7 - 03rd July 2020

- A negative number or non-numeric value can no longer be given for the "policies per page" admin area setting
- The items in the category menu on the main page are now sorted alphabetically

Version 2.5.5 - 18 June 2020

- Fixed error when the file attached to a policy is corrupted.

Version 2.5.4 - 3rd April 2020

- When a policy has a PDF attachment, a preview of that PDF is displayed on the view policy page

Version 2.5.0 - 27th January 2020

- Claromentis 8.9 compatibility (Elasticsearch 7)
- Core dependency updated to ****>=8.9****

Version 2.4.6 - 06th March 2020

- Updated all policies keyword search to only return results containing all keywords instead of any keyword.

Version 2.4.5 - 17th February 2020

- When new policy creation fails, the contents of the rich text editor is preserved

Version 2.4.4

- Updated Policy Keyword Searching to be conjunctive rather than disjunctive.

Version 2.4.3

- Marked as incompatible with Claromentis 8.9 (Elasticsearch changes)
- Creating a new version of a policy will now pre-populate the details of the previous version

Version 2.4.2

- Added Hungarian translation

Version 2.4.0

- Added Component `Policy Manager` to Category `Documents & Policies`.
- Added Localized Titles to the `Policy Manager` Component.

Version 2.3.6

- Viewing old versions of a policy will redirect to the new version unless `archive=true` is used on the URL
