

Free Business Stock Photos

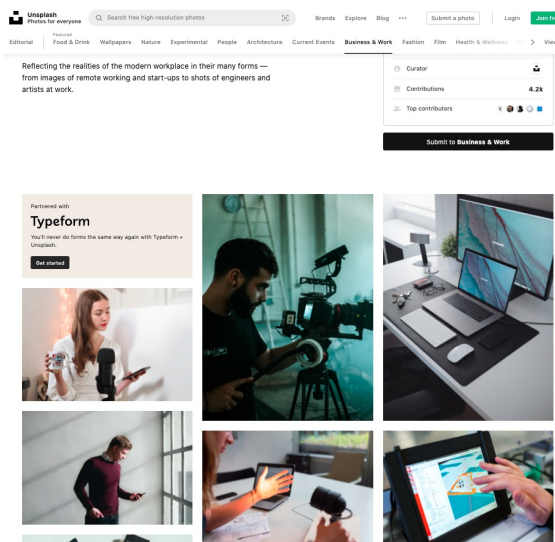

When producing content for your Intranet in News, Blog, and Knowledge Base articles, having the right images can emphasise the message.

What if you don't have enough visual material?

Here is a selection of curated Royalty-Free Stock Images and Illustration sites that you can use, most are based on [Creative Commons Zero \(CC0\)](#) License, which means you can copy, adapt or distribute the images without requiring author consent even for commercial purposes.

1. Unsplash

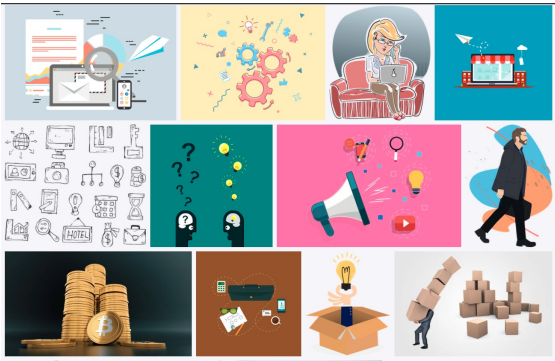

<https://unsplash.com/t/business-work>

Unsplash does not offer a high volume of choices but the quality of the photos is great and new images are added every day.

2. Pixabay

<https://pixabay.com/illustrations/search/business/>

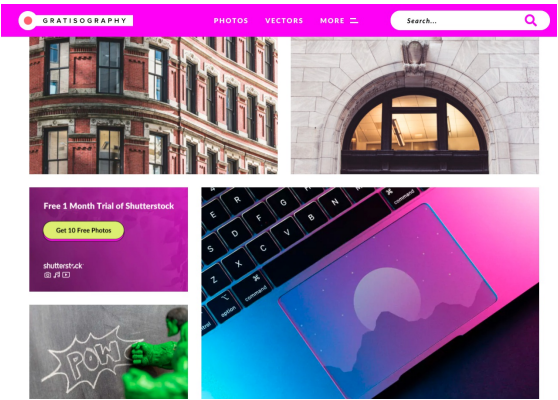

If you are looking for more illustration style graphics then head to Pixabay.

The site has a very large database of high-quality images but also offers free illustration / vector-based images.

3. Gratisography

<https://gratisography.com/photos/business/>

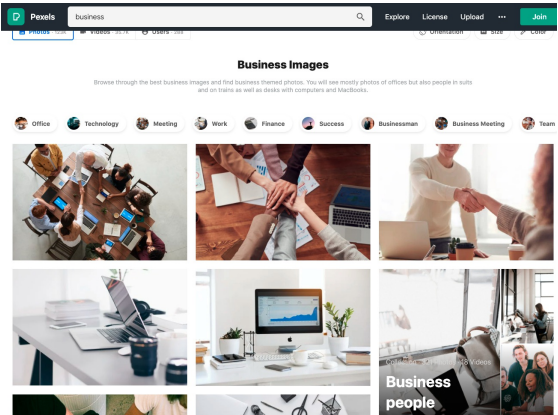

Gratisography offers free photos that are not in the traditional stock style.

Their styling is bold and unique.

4. Pexels

<https://www.pexels.com/search/business/>

Pexels is popular among bloggers, it is curated and has a great selection.
