Policy Manager Permissions

When setting up a new policy you will be presented with a Permission dialogue allowing you to have granular control on a policy.

- **View Policy:** Viewing a policy only - users with only this permission aren't subject to a policy, they can simply view this policy from the "All Policies" Menu.
- **Target Distribution:** users within target distribution must accept this policy when it reaches**Distribution** status.
- **Consultation**: users who can approve a policy during '**Consultation**" status.
- **Ratification**: users can approve a policy during '**Ratification**" status.
- **Edit Properties:** users who can edit policy details and attributes including changing policy status and policy asset or content as well as creating a new version of the policy.
- **Edit Content:** users can edit/update the content of the policy and create a new policy asset. (New policy asset does not mean a new policy version)

Tab	Policy Details	Comments	Asset History	Policy History	Approval History	Acceptance History

View Policy	✓	✗	✗	✗	✗	✗
Target Distribution	✓	✗	✗	✗	✗	✗
Consutlation/Ratification	✓	✗	✗	✗	✗	✗
Edit Policy	✓	✓	✓	✓	✓	✓
Edit Policy Content	✓	✓	✓	✗	✗	✓
