Status Cancel requested

Please note: Cancellations will apply to the entire date range of the request and you will not be able to cancel a specific day. If you wish to change part of your holiday request, contact your **Holiday manager** and they will be able to change a day type on a specific day following the guide below.

Changing partial or past absence requests.

As a holiday manager, it is possible to override past holiday requests to the correct day type.

They can also submit any day types on behalf of users in general.

This is useful in certain cases e.g. a user booked working from home but they were actually off sick on some of the days, so the booking needs to be updated.

1. Navigate to the **Manager** area and then **Create Absence/Leave**

Holiday planner / **Manager**

2. Select the user you wish to create the absence/leave and specify the date.
