

Upload images in CK Editor

Images can be added to various Claromentis applications via CK editor.

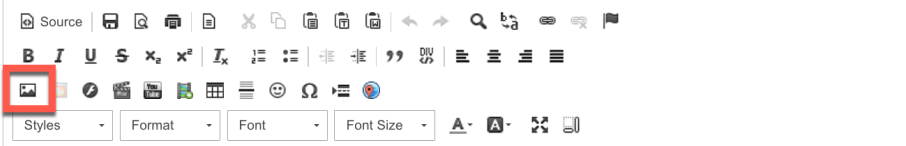

Applications include Knowledge Base, News, and Blogs.

Adding an image

Follow the 6 steps to upload an image using CK editor

1. Use the **Image** option in CK editor.

Description

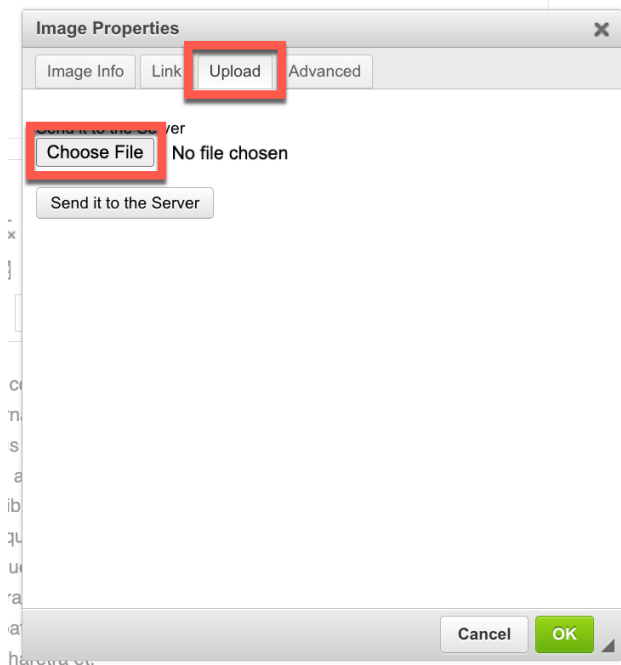

The screenshot shows the CK Editor toolbar with the 'Image' icon highlighted by a red box. The toolbar includes various icons for text formatting, alignment, and media insertion. Below the toolbar, there is a text area containing Lorem Ipsum placeholder text.

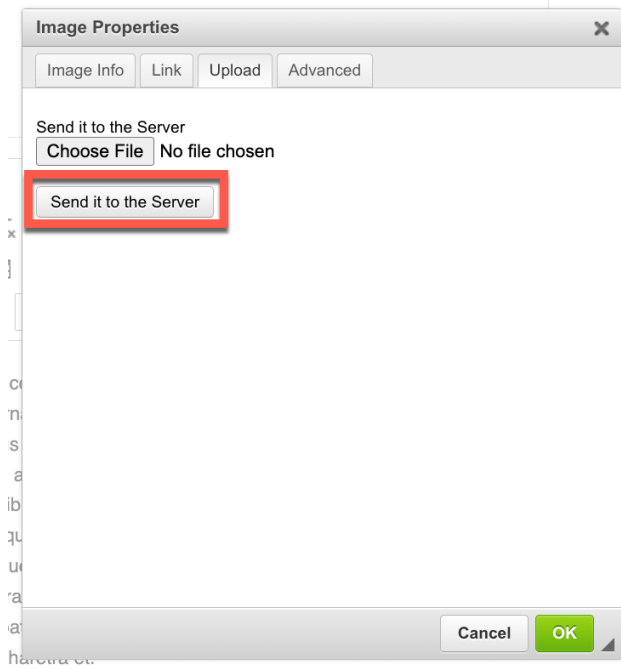

Styles - Format - Font - Font Size - A - A - [Icons]

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Sit amet venenatis urna cursus eget nunc scelerisque viverra mauris. 2. Head to the **Upload** tab and select the image from your device.

3. Select the **Send it to the server** option. The server URL will then automatically populate.

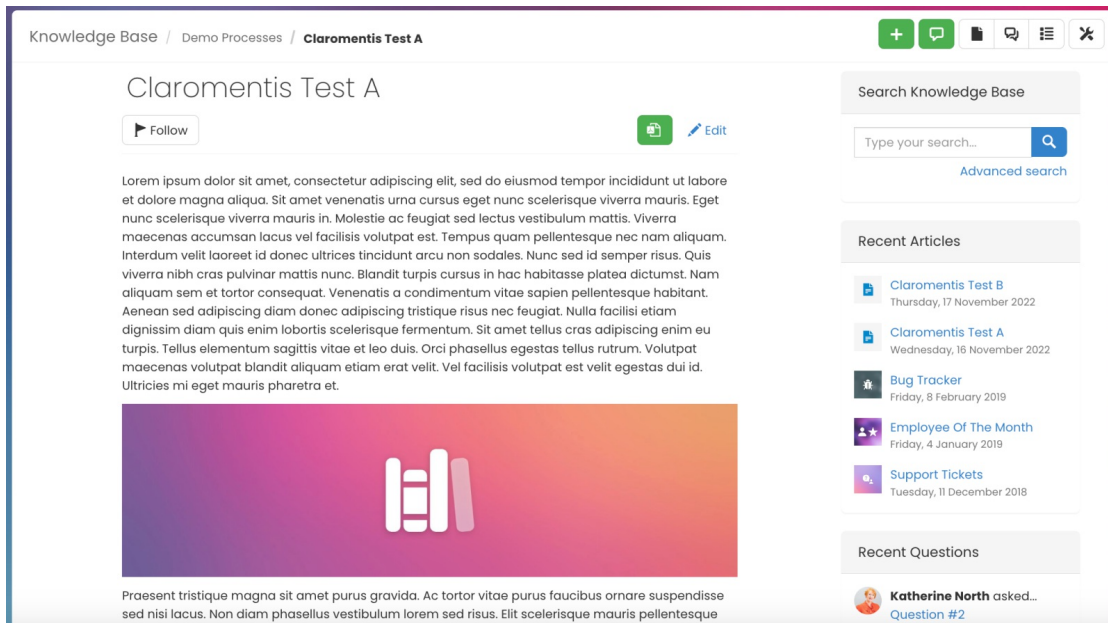

4. (Optional) Edit the image properties, including the width & height of the image as needed.

5. Select **OK** and the image will be added to the article body. Double click on images to open the pop up again and make further tweaks to properties as required.

6. Save your content as a draft (or publish it) to save all changes
