

News Notifications

We will provide an overview of all available News notifications.

Notifications are attached to News permissions, so users will only receive notifications if they can interact with articles and the channels they are in.

Templates for each language can be viewed and [edited](#) from **Admin > System > Localisation > Edit templates > News**

The screenshot shows the Admin interface. The breadcrumb trail is 'Admin > System > Localisation > Edit notifications > News (English)'. The main heading is 'Edit English Notifications for "News"'. Below this, it says 'Select a template to localise'. There are three columns of notification templates listed:

news.new_comment_added	news.news_control.added_news
news.news_control.deleted_news	news.news_control.edited_news
news.news_control.news	news.news_control.your_news

Notification not sending?

Remember: The type of notification received by users e.g. email, in-system, none etc will depend on their preferences as outlined [here](#).

If a notification is not evident, check that the recipient's preferences are correct to receive this as they would expect first.

What notifications can News send and who will receive these?

- Basic notifications

news.news_control.news

This notification will be sent when a News article:

- is published, and the 'Send notification to all users with view rights' option was selected

News > Add News Article

Article details Metadata Additional options All

Publish date 20-02-2026 12:52

Delete after 27-02-2026 12:52
Please note, deleting is handled by a server background task. The article may not be deleted precisely at this time but shortly afterwards.

Stick it until 27-02-2026 12:52

Send notification to all users with view rights

Submit news Save as draft

- is published, and users are [subscribed to the channel](#)
- is edited, and the 'Send notification to all users with view rights' option remains selected
- is edited, and users are [subscribed to the channel](#)

Admin > System > Localisation > Edit notifications > News (English) > news.news_control.news

Edit Notification

Editing the notification template "news.news_control.news"

Language: English

Template subject: 1 {% if is_new %}New Article{% else %}Article Edited{% endif %}: {{ title|raw }}

Template Body:

```

1 <strong>{{ title|raw }}</strong><br />
2 {% if news_text_plain %}<p>{{ news_text_plain|raw }}</p>{% endif %}<br />
3 {% if is_new %}<br />
4 A news article was just published to the {{ channel_name|raw }} channel.<br />
5 {% else %}<br />
6 A news article was edited in the {{ channel_name|raw }} channel.<br />
7 {% endif %}<br />
8 <a href="{{ hyperlink|raw }}">View the news article</a><br />
9

```

Template preview:

Article Edited: Lorem Ipsum

Lorem Ipsum

A news article was edited in the Miscellaneous channel.

[View the news article](#)

In either case, the recipients will be users with 'view' rights to the channel the article is in, or they are subscribed to the channel.

Using [twig logic](#), the template is able to show the correct phrasing based on the action and situation being met.

So, avoid making large [changes to this template](#) unless your team can make edits in line with twig logic.

news.new_comment_added

Admin > System > Localisation > Edit notifications > News (English) > news.new_comment_added

Edit Notification

Editing the notification template "news.new_comment_added"

Language: English

Template subject: 1 New comment on News: {{ title|raw }}

Template Body:

```

1 <strong>{{ title|raw }}</strong><br />
2 {% if is_user_id %}<a href="{{ creator_link|raw }}">{{ full_name|raw }}</a>
3 <br />
4 <em>{{ comment_text|raw }}</em><br />
5 <br />
6 <a href="{{ news_link|raw }}">Approve/Decline this comment</a>

```

Template preview:

New comment on News: Lorem Ipsum

Lorem Ipsum

John Smith commented on your news article:

"Lorem ipsum dolor sit amet!"

[Approve/Decline this comment](#)

This notification will fire when a comment is added to a News article, and the recipient will be the creator of the article.

- News approval process specific notifications

news.news_control.added_news

The screenshot shows the 'Edit Notification' interface for the 'news.news_control.added_news' template. The left sidebar contains navigation options: Admin, General, Administrators, License, Date and Time, Background Services, Localisation (selected), Mail, Configuration, Generative AI, and Labs. The main content area is titled 'Edit Notification' and shows the following details:

- Language:** English
- Template subject:** 1 News awaiting approval: {{{ title|raw }}}
- Template Body:**

```
1 <strong>{{{ title|raw }}}</strong><br />
2 A news article was added by {%- if is_owner_id %}<a href="{{ link|raw }}">{
3 <br />
4 <a href="{{ news_link|raw }}">Approve/Reject this article</a>
```
- Template preview:** News awaiting approval: Lorem Ipsum. Below this, it shows 'Lorem Ipsum' and 'A news article was added by John Smith.' with a link 'Approve/Reject this article'.

This will fire when a user with only the ability to submit drafts for approval does so and the recipients will be all users with the 'Approve others' permission.

news.news_control.your_news

The screenshot shows the 'Edit Notification' interface for the 'news.news_control.your_news' template. The left sidebar is the same as in the previous screenshot. The main content area is titled 'Edit Notification' and shows the following details:

- Language:** English
- Template subject:** 1 {%- if is_approve %}News Article Approved{% else %}News Article Rejected{%
- Template Body:**

```
1 <strong>{{{ title|raw }}}</strong><br />
2 This news article has been {%- if is_approve %}approved {%- else %}rejected{
3 <br />
4 <a href="{{ news_link|raw }}">View your news article</a>
```
- Template preview:** News Article Approved: Lorem Ipsum. Below this, it shows 'Lorem Ipsum' and 'This news article has been approved.' with a link 'View your news article'.

This will fire when an article submitted for approval has been either approved or rejected, the recipients will be the user who submitted the article for approval.

news.news_control.edited_news

The screenshot shows the 'Edit Notification' interface for the 'news.news_control.edited_news' template. The left sidebar is the same as in the previous screenshots. The main content area is titled 'Edit Notification' and shows the following details:

- Language:** English
- Template subject:** 1 News Article Updated: {{{ title|raw }}}
- Template Body:**

```
1 <strong>{{{ title|raw }}}</strong><br />
2 This news article was recently updated by {%- if is_owner_id %}<a href="{{
3 <br />
4 <a href="{{ news_link|raw }}">Approve/Reject this news article</a>
```
- Template preview:** News Article Updated: Lorem Ipsum. Below this, it shows 'Lorem Ipsum' and 'This news article was recently updated by John Smith.' with a link 'Approve/Reject this news article'.

This will fire when an article submitted for approval is edited (by any user with permission to) and the recipients will be users with permission to 'Approve' others.

news.news_control.deleted_news

The screenshot shows the Admin interface for editing a notification template. The breadcrumb trail is: Admin > System > Localisation > Edit notifications > News (English) > news.news_control.deleted_news. The main heading is 'Edit Notification' with the subtitle 'Editing the notification template "news.news_control.deleted_news"'. The 'Language' is set to 'English'. The 'Template subject' is '1 News Article Deleted: {{ title|raw }}'. The 'Template Body' contains two lines: '1 {{ title|raw }}
' and '2 This news article has been deleted.'. The 'Template preview' shows the rendered output: 'News Article Deleted: Lorem Ipsum' followed by 'Lorem Ipsum' and 'This news article has been deleted.'.

This notification will fire when a user with 'approve others' permission deletes an article submitted for approval.

The recipient will be the owner of the article who sent it for approval.

- Defunct

news.your_comment_status

This is a legacy template that no longer fires as its functionality has been removed from the product.

In future versions, this will be removed from the list.
